## **HAZARD EVALUATION OF SUBSTANCES TRANSPORTED BY SHIPS**

### **Outcome of the thirty-fourth session of the GESAMP Working Group on the Evaluation of the Hazards of Harmful Substances Carried by Ships**

The thirty-fourth session of the GESAMP Working Group on the Evaluation of the Hazards of Harmful Substances Carried by Ships was held at IMO Headquarters, London, from 23 to 27 February 1998. The report of that session (EHS 34/12) is attached hereto for the information of the members of the Sub-Committee on Bulk Liquids and Gases (BLG) and of other IMO bodies involved in the hazard evaluation of potentially hazardous substances.

Any queries and requests for additional information on the attached report should be addressed to Dr. M. Nauke, Technical Secretary of GESAMP at IMO.
