BWM.2/Circ.38/Rev.1/Add.1
21 November 2012

**INTERNATIONAL CONVENTION FOR THE CONTROL AND MANAGEMENT
OF SHIPS' BALLAST WATER AND SEDIMENTS, 2004**

**Twenty-fifth meeting (additional) of the GESAMP* – Ballast Water Working Group
established in accordance with the Procedure for approval of ballast water
management systems that make use of Active Substances (G9)
to be held from 21 to 25 January 2013 at IMO Headquarters**

Background

1 In accordance with paragraph 8 of BWM.2/Circ.38/Rev.1, Member Governments were invited to submit their proposals for approval of ballast water management systems that make use of Active Substances as soon as possible, but not later than 26 October 2012. By this deadline, the Secretariat had received eight proposals for approval.

2 MEPC 64 noted that, if more than four proposals for approval of ballast water management systems were received before 26 October 2012 for consideration by MEPC 65, the GESAMP-BWWG had agreed to hold an additional meeting with a view to facilitating the evaluation of as many proposals as possible. Following this arrangement, GESAMP-BWWG 24 is scheduled from 10 to 14 December 2012 and an additional meeting (GESAMP-BWWG 25) has been scheduled from 21 to 25 January 2013. The report of the additional meeting will be processed as a matter of urgency with the necessary relaxation of the deadline for submissions to MEPC 65 and with its annexes in English only.

3 Any proposal for approval that has not been reviewed at the additional meeting (i.e. the 25th meeting), due to time constraints, will be reviewed at the earliest meetings of the Group after MEPC 65 and reported to MEPC 66.

4 Member Governments are invited to bring this information to the attention of all concerned.

* GESAMP stands for "IMO/FAO/UNESCO-IOC/WMO/IAEA/UN/UNDP/UNEP/UNIDO Joint Group of Experts on the Scientific Aspects of Marine Environmental Protection".
